### About CPF Floors

CPF Floors was born in November 2019 with a bold vision: to transform the way we experience our spaces. It was founded by Marcelo Gavotti, an expert with more than two decades of experience in the flooring industry. In a surprisingly short period of time, our company has experienced extraordinary growth.

What sets us apart is not only the exceptional quality of our products, which range from laminate to Rigid Core Vinyl flooring, but also our ongoing commitment to innovation and excellence. At CPF Floors, we strive to exceed industry standards, and these values are the foundation of everything we do.
